

“Calling All RIBs”:

Atlantic Beach, New York Rescue Department Saves Lives With Fire Boat H-560

Zodiac Fire Boat H-560

Not long after taking delivery on a Zodiac Fire Boat H-560 RIB, the Atlantic Beach, New York Rescue Department has already put the vessel to good use.

Chief Jonathan Kohan, of the Atlantic Beach Rescue Department, reports that the H-560 has already been used in four rescue operations. “The boat has been nothing short of awesome,” Kohan said. “We have used it to respond to four drowning and person-in-water calls and it performed flawlessly.”
